

## **Domestic Cleaning**

Every home is different so we work with you to make each clean unique to your needs so whether it is just one or two rooms or the whole house we will meet your needs

Here is what is involved in a standard clean

- All or requested areas of the house are dusted, cobwebs are removed, hovered and mopped.
- Mirrors in the homes are cleaned and polished.
- Bins are emptied and disposed of in buildings refuse area (please ensure you let the cleaner know where this is located).
- Door handles, switches and (indoor) telecoms are cleaned.

### **Kitchen**

A disinfectant spray is used to clean

- All counter surfaces
- Front of appliances
- Cupboard doors and handles
- Wipe of the tiles
- Sinks and taps are cleaned and polished

### **Bathroom**

A bathroom disinfectant spray is used to clean

- Bathtub/shower and sink
- Wipe down the tiles
- Shower curtains/doors
- All chrome fixtures
- Bathroom cupboard doors
- Toilet (toilet cleaner and wipes)

### **Living Space/hallways**

An all-purpose disinfectant spray is used to clean

- Dining tables and chairs
- Windows and window ledges
- All assessable surfaces
- TV stands/ cabinets
- Side tables

### **Bedroom(s)**

An all-purpose disinfectant spray is used to wipe

- Side tables
- Vanity tables
- Window and window ledges
- All surface areas
- Beds are made up if sheets are provided
